## FLOOD KILL BONES

The fishermen of the town have at last succeeded in the recovery of a large number of bones which were lost in the flood. The bones were found in the river and were in good condition. The fishermen were very pleased with the result.

As will be seen in another column, the Town Council will be asked to contribute a sum of \$1000 to the erection of a monument to the memory of the late Mayor. The monument will be erected in the center of the town and will be a fitting memorial to the Mayor's services.

The business men of the town and the farmers of the surrounding district are dissatisfied with the present state of affairs. It is their opinion that the government should do more to help the farmers and the business men. They are asking for a change in the present policy.

This country is particularly adapted for mixed farming, and the wheat and stock raising, which are the two main industries. The wheat is raised in the west and the stock is raised in the east. The two industries are very important to the country and should be encouraged.

There is no doubt that four can be made here at a less cost than along the coast of the C. P. R., so that while supplying the home demand, a successful export trade can also be carried on. Owing to the large immigration this year, and the prospect of a much larger influx of people next year, it will tax the farmers in this district to supply sufficient wheat to meet home consumption, and that is likely to be the case for a number of years.

# THE HONOURABLE

The Hon. Mr. Thompson is now Premier of Canada. He is a very able and energetic man and has done much for the country. He is very popular with the people and is respected by all.

The Hon. Mr. Thompson is a very able and energetic man and has done much for the country. He is very popular with the people and is respected by all. He is a very able and energetic man and has done much for the country.

A curious argument advanced by those who are opposed to the new Bill is that it is a violation of the constitution. They say that the Bill gives too much power to the government and that it is a violation of the rights of the people.

A plan which pays large rewards to adopters of the baby's permanent, while the mother is shopping, the directors of the Chicago Fair intend to improve upon this scheme by giving a check for the baby. They have an eye to business there.

Many men and women would be prevented from visiting the Exhibition by the baby, for to carry him into the crowd would be nothing short of infanticide. A circular which we have just received from the Fair authorities undertakes to offer the solution of this difficulty. There will be the "Children's Home," which will give mothers the freedom of the Exhibition, while the children themselves are enjoying best care and attention.

## ABBOTT RESIGNS.

And Mr. John Thompson is now Premier of Canada.

Ottawa, Nov. 25.—The following statement was authorized this evening: "The Governor-General has received with great regret a letter from Sir John Abbott resigning his office. He has accepted the resignation and Sir John Thompson has accepted the duty, but it is possible that a few days will be required before an accurate list of ministers can be given."

## THOMPSON'S TASK.

The task imposed upon Thompson is one of no little responsibility. This is appreciated by politicians who discussed the situation in the hotels and clubs to night. According to recent indications, there will be no radical change in the new ministry. Everybody admits that this is Thompson's great opportunity. Instead of retaining men who place their own interests above national or even party welfare it is urged that he should apply the pruning knife with vigor, but politics is a queer game. Often the best intention is limited by expediency—in this instance probably more imaginary than real.
